

Schafer

Richardson

## Randy Hoversten Controller

Randy has over 30 years of experience in accounting and management in real estate related fields including real estate franchise systems, senior and affordable housing development, project management and property management in both profit and non profit sectors.

Before joining Schafer Richardson Randy spent 3 years as the Director of Finance and Asset Management for No Place Like Home Communities, 4 Years as the CFO for Landvest development Corporation, 11 years as the Principal of Impact Management & Accounting and 13 years as CFO of Realty World Upper Midwest Regional Franchise System and Affiliates.

As the Controller Randy develops, maintains, and monitors the financial systems and controls for reporting accurate, timely financial information and analysis. These processes include accounting, budgeting, forecasting, cash flow, project costs, construction draws and internal audit.

Randy currently lives in St. Louis Park with his wife Joanne where they both enjoy golf, sailing and traveling.
